

COMPANY PROFILE

DHV Fitting Pvt Ltd is a leading manufacturer of Flanges and Pipe Fittings in Stainless Steel, Carbon Steel, Alloy Steel and Nickel Alloys in India. We have in-house facilities for manufacturing Flanges & Pipe Fittings and we can supply the same with our Material Test Certificate duly inspected & accepted by reputed 3rd Party Inspection Agencies . We are an ISO 9001 : 2008 certified and PED approved company & have in-house facility for PMI (Positive Material Identification).

The journey of DHVFPL company started in the year 2010. We have set up our manufacturing unit in Umbergaon, Gujarat which is about 130 kms from Mumbai Airport. Before venturing into manufacturing we have been in the business of selling Pipe Fitting and Flanges since 1998 under the able leadership of Mr. Champalal A Shah. Our founder Mr. C. A. Shah is in the steel business since 1976. The company is currently managed with his expertise and guidance along with his 3 sons.

We have served our prestigious clients by giving them quality material; timely delivery on regular basis at the most reasonable prices, thus developing long term business relationship with them. We have built up adequate stock levels of all essential items within our scope of supply and are in a position to offer immediate deliveries. We also manufacture irregular sizes and grades but may require sufficient lead time for same. Our Research & Development Team keeps on proposing necessary changes as we are in constant touch with various successful clients in the world. We have been supplying our products to more than 500 customers worldwide and the retention of customers is a proof of our quality, service at a low price.
